

Power : 9 thousand tons

Project cost: \$10 million dollar

Import – \$71.5 million dollar

Payback period: 60 months

Number of jobs: 80

Project location: Bukhara region

Main raw materials: Polymer, pigments, oil, water, ethanol, ether, acetone, siccative

Power: 2 million rolls

Project cost: \$ 7,0 million dollar

Import - \$ 58,2 million

Payback period: 60 months

Number of jobs: 60

Project location: Bukhara region

Main raw materials: Pulp and paints

Power: 200 thousand pieces

Project cost: \$ 7,5 million dollar

Import - \$ 15,6 million

Payback period: 60 months

Number of jobs: 70

Project location: Bukhara region

Main raw materials: Kaolins, feldspar, quartz or various types of white-burning fire clays

# Investment proposal

MIXER

Power: 4 thousand tons

Project cost: \$ 15 million dollar

Import – \$ 10,7 million

Payback period: 60 months

Number of jobs: 70

Project location: Bukhara region

Main raw materials: Brass, stainless steel, silumin.

Power: 1,5 mln square meter

Project cost: \$ 6 million dollar

Import - \$ 3,1 million

Payback period: 60 months

Number of jobs: 35

Project location: Bukhara region

Main raw materials: PVC granule.

Power: 600 tons

Project cost: \$ 12 million dollar

Import - \$54,5 million

Payback period: 60 months

Number of jobs: 80

Project location: Bukhara region

Main raw materials: Polymer granules, polyvinyl chloride and PVC

# Investment proposal

## Natural decorative stones (granite and marble)

Power: 300 thousand sq.m

Project cost: \$ 8 million dollar

Import – \$ 41.3 million

Payback period: 80 months

Number of jobs: 270

Project location: Bukhara region

Main raw materials: Natural stone

Power: 160 thousand tons

Project cost: \$ 10 million dollar

Import – \$ 13.3 million

Payback period: 40 days

Number of jobs: 20

Project location: Bukhara region

Main raw materials: Gypsum and limestone (bitumen, thermoplastic elastomer, plasticizer and filler).

# Investment proposal

## Autoclaved aerated concrete concretes

Power: 400 thousand cubic meter

Project cost: \$ 15 million dollar

Payback period: 90 days

Number of jobs: 80

Project location: Bukhara region

Main raw materials: cement, limestone, quartz sand and aluminum powder.

Power: 300 thousand cubic meter

Project cost: \$ 5 million dollar

Payback period: 90 days

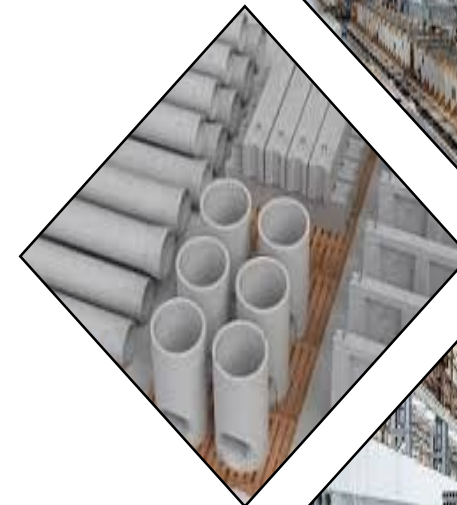

Number of jobs: 70

Project location: Bukhara region

Main raw materials: cement and reinforcement.

# Investment proposal

## HPL wall and floor coverings

Power: 1 mln square meter

Project cost: \$ 7 million dollar

Payback period: 90 days

Number of jobs: 90

Project location: Bukhara region

Main raw materials: PVC granules.
